

# The world challenge

Stringent upcoming legislations are driving the industries to set more **challenging sustainability targets.**

# Your challenge

Scope 3 goals of reducing greenhouse gas emissions have the highest impact on **total sustainability performance.**

# Our solution

**Ultra-low carbon footprint nylon made with recycled plastic waste, via mass balance.**

-  **Use of recycled feedstock**
-  **Certified LCA\***
-  **Globally available at industrial scale**
-  **Consistent high quality**
-  **Drop-in solution**
